A GROWING NEWSPAPER IN A GROWING COMMUNITY

MERRY CHRISTMAS TO ALL

Volume 53, Number 4 | CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA | Thursday, December 18, 1947

Our Town

By Peggy Blanchard

To Sunnysiders, the Christmas spirit is enhanced these evenings by tuneful carols, broadcast by Mr. and Mrs. Joseph Cabral from their record player, which they've set up outdoors under a lighted tree.

★ ★ ★

For their annual Christmas party Wednesday evening, Garden club members originated scrumptous trimmings for the Country Woman's Club house—complete with silver angles for their huge and graceful tree. Holly and candles for the table, plus a bank of greens above the stocking hung along the mantelshelf all contributed to the occasion. The Press had a peek at all this holiday finery as talented committee members readied the hall for Santa's arrival. Children and grandchildren were guests of honor, you know—and that's as it should be.

★ ★ ★

Down from Vallejo for the Garden club Christmas party Wednesday evening were Mrs. J. Hugh Rincon and her daughter, Sandra —they were guests of her mother, Mrs. H. E. Peck for the party.

The Pecks also have their son, Jack Morton here from Grants Pass, Oregon, for the holidays.

Mr. and Mrs. L. J. Barber's son, Jack Kneisler, is here from San Francisco for a Christmas, too.

Mrs. Barber already has one of the Christmas presents— a suite of hand-turned solid birch furniture that Mr. Barber made for her from Modoc County birch.

★ ★ ★

Its' fun to hear that The Press keeps circulating after the last paper has been toted to the Campbell Post Office. PFC. C. F. Livingston Jr. —"Red" to his Campbell chums—is, thank Heavens, like our other readers—complains like everything when his mother fails to send along her copy to him in Japan where he serves with the U.S. Army 8th Cavalry. —Merry Christmas, C.F.

★ ★ ★

Here's thanks to somebody's darling little girls—too tiny and shy to tell their names—who called at the office this week to bring puppy Joe a present! It's the first one to go on our tree and we anticipate nips of joy for each of us over it! (Joe hasn't heard about not biting the hand that feeds—he thinks it's the way to express appreciation).

★ ★ ★

And please, whoever finds Mrs. Eugene Snyder's black cocker, give him a nice bone and take him home for Christmas.

★ ★ ★

Two Campbell residents are among the 54 Santa Clara county men enrolled at California State Polytechnic college in San Luis Obispo. They are David A. Bowen, son of Mr. and Mrs. A. L. Bowen, and Edwin E. Carvelho, son of Mr. and Mrs. Joseph Carvelho of Box 207 Budd Avenue.

David Bowen, who is majoring in air conditioning, served four years with the Army, and was discharged with the rank of first lieutenant. He entered California Polytechnic in Sept. 1946.

Carvelho, a graduate of Campbell high school, formerly attended Coalinga Junior college, and served with the U.S. Coast Guard in World War II. He formerly lived in the Hawaiian islands, and has been employed as a cowboy and a newspaper reporter.

Carvelho is majoring in Animal Husbandry at California State Polytechnic, which specializes in vocational training at the college level in the fields of agriculture and industry.

Noel Spirit To Reign At Dance Saturday Night

Christmas festivities for Campbell residents will get off to a good start Saturday night when the community turns out for the American Legion dance to be held in the Campbell Union high school gymnasium. Many Campbellites have indicated that they are planning to attend the dance, which will start at 9 p.m.

Elden Sylva and his dance band have been engaged for the evening and everyone, young and old, is invited to attend and dance with their neighbor. Mix-up dances are being planned by the committee under Chairman Al Carter.

The hall will be decorated in the Christmas spirit with a large lighted Christmas tree as the main attraction. A Frigidaire, furnished by Brand's Furniture Store, will be given away during the intermission.

The decorations committee is looking for a twig of mistletoe to hang in the center of the hall, but no promises can be made that it will be there. Members of the high school football squad and their dates will be honored guests at the dance.

Come, bring your best girl, and dance out the kinks you got putting up the Christmas tree!

Trimmings Must Be Fireproof

Decorations in any place of public assembly must be fireproof, Robert A. Carel, deputy state fire marshal, warned Campbell Tuesday.

This means that Christmas trees and greens used as party decorations in a public hall, as well as any paper and tinsel trimmings must be sprayed with a fire-proofing solution, obtainable through fuel and paint dealers.

Carel pointed out that failure to comply with the law carries a penalty of a $500 fine.

American Trust To Open Bank Here; State Banking Authority Confirms Application; To Be in Center of Town; Early Opening

Confirmation of plans for a new bank for Campbell was received today by the Press. In confirming the rumors that have drifted about for several weeks, the State Banking Department in San Francisco said that they had on file two separate applications for a state bank for this community.

An examiner was sent here several weeks ago to survey the field and in his report to the commission he stated that there was an obvious need for a local bank.

The two applications on file were entered by the American Trust company and a group of local business men. The local men made it clear to the State Banking Department that their application was made to facilitate getting a bank here. They were not particularly anxious to start a new bank here but felt that the need was so great that they would go ahead with plans to do the job as a local enterprise if no already established bank cared to open here.

With this stipulation in consideration, the Banking Department granted the charter to the American Trust company since they are set up in the banking business. In approving the American Trust application it was specified that the new bank must be "in the heart of Campbell." It could not be located away from the main part of town. In this the bank agreed and it is expected, although not a verified fact, that the building formerly occupied by the post office will be converted to their use temporarily.

Campbell has been without a bank since 1936, although there had previously been other banks here. The original Bank of Campbell was incorporated in 1900. Through the years this original bank became absorbed into the American Trust company and in 1936 was closed out entirely due to a policy then in effect that smaller banks with less than a million dollars of deposits were closed.

The local men who initiated the bank movement are: W. N. Lloyd, Carl B. Field, O. C. Jensen, G. E. Farley and G. K. Schrader. Others who were ready to lend assistance to the main objective of getting some kind of bank under way here were J. V. Gomes and Ralph H. Hyde.

The efforts of these men have borne fruit, inasmuch as they were so active in getting the facts before the State Banking Commission, and while the bank will not be the one they had planned to open, it meets with the approval of all.

San Tomas Resident Has Narrow Escape From Fire

Lack of adequate fire protection equipment was blamed today for the complete loss of the home pictured above. Nothing was saved in the home of Mr. and Mrs. Joseph Saldivia, residents of the San Tomas district. The San Tomas Improvement Club is making plans to provide better fire-fighting facilities. Mr. Saldivia is an employe of the Rnconada Golf Club. There are three minor children.

—Photo by Larry Keck.

Fire completely destroyed the small San Tomas home of Mr. and Mrs. Joseph Saldivia last Monday afternoon. The fire apparently originated in the over-heated flue connected to a wood-burning stove.

Mrs. Saldivia, alone in the house was unable to extinguish the flames which engulfed the dwelling in a matter of minutes. She was barely able to escape from the house with her life. The famliy, who have three minor children, lost all their belongings including furniture, clothing and bedding. A sum of money kept in the dwelling was also lost. The only thing saved was a washing machine which had been kept outside the house.

One of the first to arrive at the scene was George Flood. Immediately after the blaze, Mr. Flood organized a relief group to assist the destitute family. He started taking collections of cash at the San Tomas Food Center store. Enough money was raised in a few hours to tide the needy family over until they can become re-established.

San Jose Chapter of the American Red Cross are also assisting in the search for a new home for the Saldivias. Persons wishing to assist, or in particular, anyone knowing where the family can locate living quarters are asked to contact the Red Cross at Columcia 4268.

Meeting time, practice periods and tournaments were discussed. All tennis players in the Campbell high school district interested in joining the club are urged to attend the next meeting.

Donald Lukehart Heads Council

Donald Lukenart was elected president of the Campbell Coordinating Council at a meeting this week. He replaces LBen Howard, who has served for the past year.

Other new officers named are Mrs. Evelyn Morgan, vice president; Miss Dorothy Merriman, secretary, and Mrs. Frances Cousins, treasurer.

Money raising activities were discussed, including a marionette show to be given early in the year by the Grammar School PTA. Other organizations will be asked to sponsor events to raise money for Coordinating Council activities.

SIGNS OF THE TIMES

By HARRY BLANCHARD

. . . Among the good things that come along at this time of year is the news that we really are going to have a bank. The American Trust Company has looked our town over . . . and like it to the extent that they want a bank here. In which they have nothing on us—we do, too.

•

This happened this week: A visit from a local citizen asking us to do something about a man building a house without a foundation. Also no sanitary provisions. We investigated—man was wrong, proper action taken. Lady came in wanting to know where to have her scissors ground. We knew. She does now. 'Nother lady wants to know who cleans houses. The Maytag company—they're somebody in Iowa making those machines like we all did so long without . . . dropped us a neat little three-page epistle extolling the wonders of themselves, their company, their machine—and their dealers — of whom Jim Brand of Campbell is one.

•

Orville Johns has opened, and is in, his brand new store in the Campbell Arcade. The fates (and distributors) were making it tough on Mr. Johns for a while. He's been trying to get his new stock in in time for Christmas and to date has received about half of it. Incidentally, the new stock is glittery things like diamonds and watches. Good ones, too. We saw some.

•

Campbell Hardware ad should be scrutinized carefully this week. They got lots of things—including white-wash for $1.40.

•

Thanks to the efforts of Ira Grim, past prexy of the C. of C. Campbell is going to have its very own map. It's big—about as large as this paper you're reading—and very complete with all the new streets, subdivisions and postal zones thereon. Also two photos of our lovely schools. We like it. You'll like it, you can have one soon as they're off the press right after the first of the year. Bill Harrison's American Dairy is sponsor of the map project.

•

Things to don't forget: Big American Legion dance Saturday night, Dec. 20, at the high school gymnasium. Legionnaires are playing hosts to the members of the Buccaneer football team, who can come and prance with their gals for free—also the annual Christmas party on Monday night of the San Tomas Improvement club—real Santa Claus and plenty of fun for the kiddies.

•

One of the best true stories of the week is the one about Forrest Reese and his chicken farm with 1800 chickens stocked thereon. Forrest and his wife, Irma, went to a whist party the other night and came off with first prize honors. The prize?— a four pound chicken.

•

You find anything in Signs of the Times, eh?

•

A very Merry Christmas to all.

Donors Help Her Fight For Life

Although Linda Rogers' blood type is the rare R-H negative A, more than a dozen donors responded to an appeal by the Red Cross last week to aid in her fight for life.

Linda, daughter of Mr. and Mrs. Frank Buckeley, [illegible] nue, Campbell, is in Santa Clara County hospital where no change in her condition was reported today.

She recently underwent a delicate brain operation, after which a series of transfusions was begun.

NEW BOOKS ARRIVE

Some 30 books, most of them ordered by request arrived at the local branch, Santa Clara County Free Library, recently.

ORGANIZED LABOR GROUPS AID O'CONNOR BUILDING CAMPAIGN

Central committee in the O'Connor Hospital building fund campaign has passed the half-way mark toward its goal of $1,000,000 for a new hospital, David C. Kirby, central committee chairman, announced yesterday following the latest report meeting of the committee majors in San Jose.

Subscriptions to the new O'Connor now stand at $568,793, Kirby said. This is 56.8 per cent of central committee's goal in the campaign. Total previously announced was $426,856.

"The campaign is speeding up, and we have every hope of reaching our goal,' 'Kirby said. "However, we still have a lot of hard work to do before the campaign is won.'

Kirby pointed out that the proposed new O'Conor Hospital will cost $3,000,000, but the public is being asked to raise only half this amount. The Sisters of Charity, who administer O'Connor's, have pledged themselves to underwrite half the cost if the people of this area will raise the other half by popular subscription.

Organized labor is the most recent citizen's group to join in the campaign, Kirby said.

C. of C. Annual Directors' Meeting Is Called At La Rinconada Friday Night

All officers and directors of the Campbell Chamber of Commerce are invited to a Christmas dinner party to be held Friday evening at 7 o'clock at the Rinconada Golf Club.

The dinner party is in the nature of a "thank you" for the efforts of the past year on the part of the out-going officers, and a welcoming party for the new officers.

Following dinner a business meeting will be held at which Richard Morton, attorney for the Chamber on the incorporation proceedings, will speak on the progress of his work in having the County Assessor's office set a new valuation figure on the property situated within the re-drawn boundary lines of Campbell. Mr. Morton will also display and explain the new map of the district, which has been corrected on orders of the County Board of Supervisors. All past and present officers and the Board of Directors are requested to attend. Phone the Press office for any further details.

Lawrence J. Osborne, minister of the First Methodist church, will bring the message. The service will conclude with the singing of "Silent Night" and the lighting of candles by the members of the congregation.

HISTORY OF CAMPBELL

By T. A. C UTTING

The Campbell ranch of 160 acres was part of the grazing lands taken from the Santa Clara Mission upon its secularization in 1836. Juan Galindo, Antonio Osio, Jose Arnas, Antonio Sunol and Mary Bennett were among those who received grants of mission lands. Attempts were made by Americans to preempt the mission site, but Kearney, first American military governor, ruled that the Franciscans should retain possession until the title should be settled in the courts. In 1858 the claim of the church to the 13.13 acres upon which the buildings and orchard were located was upheld, and to-day the University of Santa Clara occupies the site. At one time a claim in be half if the Indians was filed for all lands of the region not already granted to others, but in 1857 it was rejected for failure to prosecute.

Juan Gilindo was awarded the mission lands of Jose Marie del Ray (a priest) June 10, 1846. He filed a claim with the United States commissioners Aug. 30, 1852, but three years later it was rejected. On appeal, however, it was finally confirmed by the District Court October 21, 1857. Anita Galindo, his daughter, married James A. Forbes, a Scothman who arrived iin California in 1833 as a British consul. Her dowry was the Stockton ranch between the mission and San Jose.

Benjamin Campbell purchased a quarter section of mission land from Galindo in 1851, but claim jumpers took over during his absence in Missouri. Uuon his return he paid them $55 for quit claim deeds. When Galindo's grant was rejected in 1855, Campbell thought his title safe, but the District Court's reversed necessitated the purchase of the Spaniard's rights anew. Finally upon paying for a United States patent in 1870, he came into undisputed possession. The land was originally covered with wild grass and oats as high as a man's head with fine old live oaks here and there upon it.

The ranch extended approximetely to Winchester road on the west, Sunnyside avenue on the south, the Los Gatos creek on the east and to Latimer avenue on the norrth.

Grain had already been planted when the party arrived in 1852, and their son Henry was born there in December. A ranch house was built before 1845 and two daughters, Laura and Lena were born in it. The hous stood at the end of a driveway leading in from Winchester road, and later had to be moved aside when the driveway was extended to the east across the creek as Campbell avenue. Part of the old house still stands just west of the new postoffice. Jessie ~~Campbell, Henry's wife still stands~~ Campbell, Henry's wife, still lives in Campbell, and their son, Adelbert, is assistant superintendent of schools in Berkeley. Alda, wife of Judge Blaine and daughter of Laura and W. H. Swope, is also still in Campbell and two of their children, Laura and Franklin.

In the beginning Campbell raised grain and stock. In 1855 he set out 25 acres of fruit. He was always public spirited and held many offices, postmaster, justice of the peace, a member of the Board of Trade, vice--president and director of the Bank of Campbell, trustee of the Grange and school trustee. In 1875 there was a house a barn, an orchard, a grainfield and pasture on the ranch.

Before 1890 he laid out part of his ranch in town lots, and his son-in-law, W. H. Swope, a notary public, acting as his real estate agent, sold them with such enthusiasm that it was soon necessary to survey new ones. Each deed had a stipulation that if liquor were ever sold on the property title would revert to the previous owner or his heirs. Benjamin Campbell died in 1907.

Public Relations Firm Announces Expansion

Announcement of the intended expansion and incorporation of the Charles F. Mallory Agency, San Jose advertising and public relations firm, under the new name of Mallory & Baumrucker, Inc., was made recently by Mallory, former Army Air Forces captain and public relations officer.

Mallory announced that R. O. Baumrucker, recently arrived in San Jose from New York and Cleveland, will become president of the corporation. Mallory becomes vice president and treasurer of the firm.

Baumrucker resigned last month as Director of Research of the Cleveland office of McCann-Erickson, Inc. He chose Santa Clara County not only as one of the most delightful places in the world to live but also because he feels that more of the regional and national advertising business that originates here should also be handled locally.

Baumrucker had been with McCann-Erickson, both in the New York and Cleveland offices, for a year before the war, his previous experience had been with J. Walter Thompson, Lord & Thomas (now Foote, Cone & Belding) and the Chicago Daily News. An ardent sportsman, he also has had articles published in Field & Stream, Motor Boating and Sports Afield, in addition to advertising trade journals.

Baumrucker was discharged from the Navy as a lieutenant commander, having had over three years of battleship duty in practically all Pacific actions from Attu through Okinawa. He was graduated by Dartmouth College where he is a member of DKE fraternity and on the skiing team.

Secretary, and third member of the corporation's board of directors is Emery Delmas, San Jose attorney.

Cows do not require more water in hot weather periods than in cooler times, says a University of California College of Agriculture expert.

JOSEPH CONWAY plays the dramatic role of a veteran, to whom tuberculosis brought near-tragedy, in The Constant Invader, the new series of 13 radio plays presented by the Santa Clara County Tuberculosis Association over Station KSJO on Wednesday at 1:45 p.m. Conway is heard on many radio network shows, including March of Time, We The People, Young Doctor Alone and Gangbusters.

Food Machinery Subscribes To O'Connor Fund

O'Connor's Hospital building fund is over the half-million mark, David C. Kirby, central committee chairman, said following ehe fourth report meeting of central committee leaders in San Jose.

Largest contribution to date came from Food Machinery Corporation of San Jose, which subscribed $45,000 toward the new O'Connor's.

Kirby said $83,036 was raised by central committeemen in two days last week. Previous total was 343, 820.

"This is the tempo we need to keep up to win the campaign—and we will win if the general public realizes the dire need for a hospital with facilities for 300 patients. It is to be erected on the O'Connor's ground south of the present building.

The present O'Connor's, built in 1889, is obsolescent and has facilities for only 120 patients.

This makes it necessary for O'Connor's to turn away one out of every six patients seeking admittance.

Food Machinery Corporation's $45,000 subscription to the new hospital was turned over to Sister Berenice, president of the hospital, by the firm's terasurer, Everett D. Myers.

"Recognizing the responsibility of industry to help provide much-needed hospital facilities for its employees, as well as the community in general, Food Machinery Corporation is happy to make this subscription to the O'Connor Hospital campaign," Myers said.

"Food Machinery does not consider this a contribution to charity. On the contrary, the company recognizes that subscribing $45,000 to the new O'Connor's is a sound investment in the health and well-being of the community in general and of its local ewployees."

San Jose is the home office of Food Machinery Corporation, which has more than 20 major plants in the United States. Personnel in the San Jose offices and plants numbers approximately 1000. Paul L. Davies is president of the company.

The proposed new O'Connor's will be a $3,000,000 hospital. The public is being asked to raise only half this amount, however, since the Sisters of Charity, who administer O'Connor's have pledged themselves to under write half the cost if the public will raise the other half by popular subscription.

Washington MERRY-GO-ROUND

DREW PEARSON

THE UNBELIEVING GERMANS

The Germans have it all figured out why meatless Tuesdays are back again in the U. S. They have two reasons: 1. We are hoarding food for war with Russia; 2. We are trying to force up prices.

This is the report brought back from Germany by Sen. Harry Cain of Washington, who left the conducted tour of his fellow senators and took off on his own in a borrowed jeep, Cain mingled and talked with the common people, scratching notes on the back of an envelope.

Here are some of his notes:

"City people grubbing for potatoes . . . cows pulling plows . . . grass growing in Hitler's superhighway."

Cain found that the average German refused to beleive reports of the vast amount of food America is shipping overseas. He perferred to accept the line handed out by the Communists. Two favorite Nazi jokes were:

"Yes, much food is coming from America—through the radio."

"America is sending us 50 ships. Forty-eight are loaded with fragenbotens (denazification forms), and two are loaded with grapefruit juices."

NOTE—That's why newsreel photos were taken of the Friendship Train to be shown in European theaters. Thats's also why two Friendship Trains will be run through France and Italy.

Rinconada Pool Construction To Start

Construction will get under way at La Rinconada Country Club next week on a $12,500 swimming pool, it is announced by Clarence (Andy) Anrys, clubhouse manager at the Los Gatos course.

Contract for the project has been awarded to Landon Standard Pools, Inc., of Belmont, which announced that preliminary work of grading will be started early next week. April 1 has been set as a tentative date for opening of the pool.

The pool, which will be located on the side of a ravine between the 10th tee and the 11th green, will be of standard championship dimensions, 75 feet in length by 25 feet width. A modern rounded bottom will graduate from three feet, six inches at the shallow end. Racing lanes and underwater lighting will be added features.

Water for the pool will be processed by a continuous purifying and chlorination system.

Showers and dressing rooms will be constructed at one end of the pool according to Anrys. An enclosed wading pool, 15 feet by 18 feet, with an 18-inch depth, will be built at the other end for children. Room permitting, a badminton court may be added to the area when the pool is completed, Anrys said.

Building of the swimming pool is another step in the La Rinconada expansion program. Latest addition is a new coctail lounge, which is scheduled to be opened Saturday night as a feature of the annual club Christmas party.

Organized Labor To Aid O'Connor Hospital Drive

(continued from page 1)

A committee representing three major AFL unions, with a combined membership of 22,500, toured the hospital recently and saw overcrowded conditions in the 58-year old building.

Members of the committee were Walter L. Jones, business representative of Cannery Workers' Union local 679, who has accepted chairmanship of the committee; Fred Hofmann, secretary-treasurer of Teamsters' Union local 287; and E. B. Scott, business representative of Machinists' District lodge No. 93.

"Organized labor is well aware of the need for increased hospital facilities here," Jones declared yesterday. "What would happen if there should be an accident of some kind, involving a large number of workers? We will do everything possible to aid the O'Connor campaign."

A. R. Bower, chairman of the campaign's public relations committee, said other major labor groups have indicated they plan to endorse the campaign and organize committees for active participation.

O'Connor Hosptial is campaigning to raise funds toward erection of a modern, eight-story grade A general hospital, with complete up-to-date facilities for 300 patients.

The new O'Connor's will be built on the O'Connor property south of the present antiquated structure. This building, erected in 1889, is so overcrowded at the present time that one out of every six patients seekink admittanced must be turned away.

Campaign officials point out O'Connor Hospital, a non-profit institution, has been serving the residents of this area for 58 years, without regard to the race, religion, or economic status of its patients. This iss the first time in the hospital's history, however, that it has appealed to the general public for aid.

Bert Collins of Bert's Family Shoe shop, Campbell, serves as a lieutenant with the field committee in the O'Connor drive.

Campbell Court Notes

By Judge Blaine

This troublesome triangle consisted of a son, about 20, his widowed mother, perhaps 40, and her male boarder, maybe 45. The three had their home in a small and rather overcrowded Campbell cabin.

One day the son appeared in court to sign a complaint against the boarder for getting drunk and beating up the mother. The boarder was arrested and put in jail to sober up. Next day he pleaded guilty, paid a fine and promised to take his personal belongings and leave mother and son to themselves.

The situation looked happy, but in a few days the son appeared in court much perturbed. He said the boarder had left as promised; but now he was back—bag and baggage. At any time, the son declared, there might be spilling of blood. No right son would let his mother be abused by any boarder .

The judge suggested that son and mother call the following evening for a conference. The son agreed, said he would tell his mother. But next morning the mother came in a car driven by the boarder. The mother said the boarder would soon leave for another county to see about work in the regional crops. She admitted that she was going along. Before leaving, she confessed "We fixin' to marry."

Nothing has since been heard in Campbell Court from son, mother or boarder. Presumably son has the cabin all to himself, and possibly he is also fixin' to marry. Right now he may be experimenting with the technique of beating the desired lady up.

Who can tell what a lady likes? It was a truthful missionary who told this. One day a native woman came in tears and great distress. In her best English she sobbed, "Oh, I 'fraid husband no love me any more. He no give me beatin' in three weeks!"

GET INTO THE CHRISTMAS SPIRIT

☆ Inseparably linked since childhood in the minds of us all are Christmas and the familiar bell-ringing Santa Claus . . . faithful soldier at his post in rain, shine or snow. He is as much a part of the Old Christmas Spirit as stockings on the mantle or lighted trees. ☆ Through him and the organizations he represents Christmas comes to thousands of less fortunate and handicapped people here in Amercia. Without him their Christmas would be pretty bleak and cheerless. ☆ So give generously this year. Reach into your heart when you reach into your pocket. Get into the spirit . . . the Old Christmas Spirit.

Ralph Husted, Pioneer Rancher, Taken By Death

Ralph A. Husted, 78, member of a prominent Santa Clara county family, died Tuesday at his home on Pierce Road after a brief illness.

A native of Illinois, he came to Santa Clara county with his parents in 1888. The family settled on Pierce Road ranch where Husted lived all of his life. He was a student at the College of Pacific and a member of the first class at Stanford University.

Prominent in civic and social affairs of the county, Husted was one of the organizers of the Saratoga Mutual Telephone Co., doing much of the manual labor connected with starting the firm. He served as president of the company for nearly ten years. It was later sold to PT&T.

He was also organizer of the Mutual Water Co. on Pierce Road, a small group which operated on a non-profit basis to furnish water through the area nearby.

Husted was a member of several fraternal groups, among them Los Gatos lodge No. 292 F&AM; Royal Arch, Howard Chapter No. 14; Knights Templar, San Jose Commandery No. 10; Santa Clara Valley Shrine club, Islam Temple AAONMS, San Francisco, and Orchard City Grange of Campbell. He was also a member of the State Board of Governors of the Sons of the American Revolution.

Interested in genealogy, he recently completed a compilation of genealogical information on the Husted, Jewett and Brown families. The volume was printed last month.

Husted was a nephew of the late Judge F. B. Brown and a brother of Dr. F. R. Husted of San Jose; Dr. Guy B. Husted, Modesto, and Blanche Chilton of San Jose, all of whom he survived. His wife, the late Ada Goodrich Husted, also preceded him in death.

He leaves three sisters, Mrs. Katherine Shadle and Mrs. Ralph H. Hyde of Campbell and Mrs. Grace H. Miller of Los Gatos.

Funeral services were conducted Tuesday at Los Gatos.

"Ronnie" Sells Meat Department

"Ronnie" Mautner, butcher at Edgmon's Market, has sold his meat department to Harry Meader of Casey Road. Meader, who has been occupied as a Fuller Brush salesman recently, due to an operation which prevented him from lifting, was formerly a butcher in Concord.

Ronnie will return to Michigan and Wisconsin soon, to spend the holidays with his family, but expects to be back in Campbell in January.

Joint PTA's To Meet Jan. 8

A joint meeting of the Campbell Union High school and grammar school Parent Teachers Associations has been called for Thursday evening, Jan. 8, at 8 o'clock.

The members of both organizations will convene in the high school auditorium where the formation of a recreation district for the Campbell High School district will be discussed. This meeting will take the place of the Tuesday night, Jan. 6, Fathers' Night previously planned by the grammar school PTA.

Mr. Carson Conrad from the state department of education, division of health and physical education consultant on community planning, will be the guest speaker and a special movie on community recreation will be shown in connection with his talk.

Musical numbers will be furnished by the grammar school orchestra and the high school Girls' Glee club.

Everyone is urged to attend this very important meeting, because of the importance of the recreational need in the district. Members of the Moorpark and San Tomas PTA's and all fathers are also invited to attend.

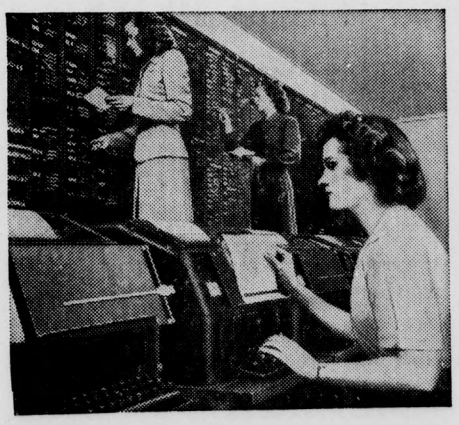
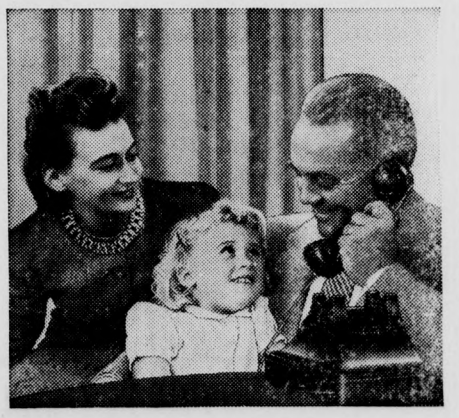
How we're preparing for your holiday calls

"The Christmas rush" of long distance calls will be extremely heavy this year. Months ago we began getting ready . . . setting up operators' schedules . . . putting in special tables for extra operators to keep the flood of calls in their proper order and help complete as many of them as possible.





Behind the scenes, chattering teletypes feed information from all over the country to this huge board in our Traffic Control Bureau. In this long distance "nerve center" we help make sure each circuit is working at capacity . . . set up alternate routes to help relieve traffic jams and keep calls moving.

Your holiday calls are important . . . and we'll put through as many as we can . . . but there will be delays on Christmas Eve and Christmas Day — even though our circuits to the East are eight times their prewar number. So if you can call before or after December 24 and 25, you'll find service much faster.

Working together to provide telephone service every day in the year are more than 60,000 people who make up Pacific Telephone. Each has

an important part in our mutual task: To furnish the best possible service to the greatest number of people in the shortest possible time.

Letters To The Editor • •

Dear Sir:

It has given me much pleasure to notice the comments on "Signs of the Times" in last weeks' issue and your reply to the Supervisor contained in "Our Town" column in this week's issue.

Inasmuch as I have loads of time for rambling and listening, it has been my privilege to hear numbers of our neighborhood folks using the word (excuse it please) "guts" while discussing the articles referred to.

Do you realize what you have done? I wonder at your daring. Our representative on the Board has been talked back to. An unforgivable sin. However, in all their amazement at your temerity, almost without exception, those with whom I have talked have expressed their gratitude that at last we have an editor on our paper who is unafraid to tell us what we have wanted to know for a long time and it may or may not surprise you to know many so-called skeptics are ready to listen to reason, prepared to change their minds in favor of incorporation.

Let's have more of your sound logic—let's have lots more of that explanation that radiates light to show us the path of real progress.

Sincerely,
WM. M. WOLFF.

Bucs Win 40-25

Two vastly improved Campbell high school teams took the floor against a pair of powerful Alumni quintets last Saturday night at the local gym and gave a very fine showing. The varsity won in surprising fashion, 60 to 25, while the Alumni turned back the Buc 'thirties 34-21. In the varsity encounter the Buc victory was due primarily to the splendid fast break combination that was performing in grand style. This group was not only fast, but their team work was unusually good.

Bill Magginetti led the high school heavyweights with 7 markers, although Levi Estrada was top scorer for the game with 9. Mel Estrada and George Gleed of the graduates followed with 7 and 6 respectively, annd Athony Civalho and Reg Gazay each scored 6 for the varsity.

The 130 encounter was not too close but if the undergraduates had had the scoring punch of the alumni the count could easily have been closer. Billy Harrison and Bob Amoro turned in splendid performances for the winners, scoring 4 and 11 points respectively. Del Ambler and Jim Beth each tallied 7 for the losers. Gordon Giovanetti made 4 also. Next week there will be no games due to Christmas vacation, but the week after school reconvenes the hoopsters will become very active.

Box score.
